

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER  
MONITORING REQUIREMENTS NOT MET FOR**

**HUTTONSVILLE TOWN OF, WV3304206**

Our water system violated State drinking water requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

*We are required to comply with State drinking requirements on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor, or test as required and therefore cannot be sure of the quality of our drinking water during that time.*

**What should I do?**

There is nothing you need to do at this time.

The table below lists the violation and the compliance period when the violation occurred.

<b>Violation</b>	<b>Compliance Period</b>
WB, CHLORINE MOR NOT SUBMITTED, MOR INCOMPLETE, or CHLORINE MISSING FROM COLIFORM RESULT	5/1/2025 to 5/31/2025

75, PUBLIC NOTICE PUBLIC NOTICE RULE LINKED TO VIOLATION	1/1/2020 to 12/31/2022

**What happened? What is being done?** (Describe corrective action)

Due to inadequate staffing of Town of Huttonsville water operators, there were missing and/or incorrect monitoring samples, monthly operational reports, and consumer confidence reports. The lack of public notices for these violations led to various "75, PUBLIC NOTICE" violations over the past five years.

The Town of Huttonsville has procured one or more certified operators to manage the operations, reporting, and compliance sampling to ensure compliance with sampling and reporting requirements.

For more information, please contact Reuben Currence at 304.335.2662
